

Gaylord's[®] INC. Truck Bed Lids

**Engineered for
Strength & Durability**

For Work or Play Gaylord's[®] **Has You Covered**

www.GaylordsLids.com

Gaylord's Traditional truck lids have lasted the test of time. The original Gaylord's fiberglass truck lid made over 50 years ago has seen some improvements but the overall design is what started the truck lid industry.

Standard Features and Benefits:

- Wrap-around rail design follows the truck's bodyline for an O.E. look. (Picture 1)
- Resin-filled composite honeycomb makes for a durable, long lasting construction.
- Built-in stainless steel cross bar hinge is laminated into the truck lid, giving our hinge system strength and durability.
- O.E. style single lock (Picture 2)
- Double rotary latch system (Picture 3)
- Dual heavy-duty gas struts. (Picture 6)
- Double weather seal helps protect cargo from the elements.
- Trim or trimless, either way our lid comes with a neoprene seal which helps protect the bed rails from excessive wear and tear. (Picture 1)
- Excel® Extreme finish, state-of-the-art in mold coating gives our lids an industry leading high luster.
- Nylon pull strap to assist in closing. (Picture 3)

Options and Benefits:

- Keyless Remote Access (Picture 4)
- BASF automotive paint finish which is color sanded and polished, giving an industry leading finish.
- Under the lid charcoal carpeting tops the interior of our Traditional lids, giving it a plush look and feel. (Picture 3)
- Easy Grip® clamp-on system. This clamp-on frame allows for a quick and easy drill-less install. (Picture 6)
- 12 volt dome light for 24 hour visibility.
- Speedsturr® Wing Lid (Picture 5)
